

MODEL

## 926 AU COMPACT TWO-WAY PASSAGE

DETAIL 01:

DETAIL 02:

DETAIL 03:

DETAIL 04

### DESCRIPTION:

Stop-gate model designed for multi-workers access in-and-out of the division. Pneumatic system. On the way-in passage soles and hands are sanitised, after which the gate opens; on the way-out passage workers walk through the one-direction stop tripod.

### OPERATING USE:

Soles cleaning and disinfection designed for multi-workers access.
